HOPE FOR THE HOLIDAYS PROGRAM

December 14, 2015— Each year Darmann employees and their families sponsor a toy drive to support our local WHEAT Community Connections. This year our employees went above and beyond to support local children in our community to have “Hope for the Holidays”.

“It is a great experience to work for a company like Darmann who encourages and supports its employees to volunteer their time, services and individual donations to those in our community.” Donna Rockel

Darmann Abrasive Products, Inc. designs, manufactures and markets fine grit, bonded abrasive products for superfinishing, precision grinding, honing and dressing applications. We provide superior engineered, customized products and responsive customer support.

If you would like more information about this topic, please contact Donna Rockel at 978-365-4544 or email at drockel@darmann.com.

Hidden Treasures

They strike again! As a major supporter of WHEAT and the United Way, Darmann employees volunteer in our community Cafe monthly, stock our Food Pantry through financial donations and food drives, feed families during Thanksgiving and now collect and donate toys for our Hope for the Holidays Program. Thank you for being involved in every aspect of our organization! #toysforkids #WHEATdonorsrock #hopefoetholidays #liveunited — 🍷 celebrating making a difference year round at Darmann.
